07. PARTS & XPS

An aerial photograph of a vast, open landscape covered in bright green moss or lichen. The terrain is uneven, with dark, rocky patches interspersed among the green. In the foreground, a dirt road curves through the landscape, and two small, dark-colored vehicles are driving along it. The background shows rolling hills and mountains under a clear sky.

OUTLANDER

LinQ Cargo

LinQ Rear Cargo Box 133 L

COMPETITIVE EDGE

- > Large rear storage compartment accommodates up to two full face helmets or other bulky gear.
- > Compatible with the passenger seat.
- > Lockable with a lock on the front of the box (2 keys included).
- > Discrete drop-down compartment at the bottom of the box to keep your essentials organized - perfect for small tools, microfiber cloths or a first-aid kit.
- > Installation in LinQ 36" configuration.

FEATURES & DESCRIPTIONS

- > Offers 133 L (35.1 gal) of cargo space.
- > Can be installed on the rear rack only.
- > Ability to install Tool Holders (715008896) on the box.
- > One LinQ Lite Multi Holders (715008087) can be installed to add LinQ Lite accessories to your cargo box.

SKU	715011127
Fits On	G3, G3L
Installation Time (hrs)	0,1
Availability	CA November 2026 / Europe January 2027

LinQ Semi-Rigid Bag

COMPETITIVE EDGE

- > Expanding the LinQ lineup – A versatile addition to the LinQ family, compatible for use on SXS.
- > Removable lid that converts the bag into a practical storage basket
- > Removable dividers allows users to create 3 separate areas
- > Three-section lid design for quick and convenient access

FEATURES & DESCRIPTIONS

- > Offers 70 L (18.5 gal) of cargo space
- > Integrated removable center compartment to keep your items neatly organized

SKU	715005345
Fits On	ATV: G3, G3L Traxter G2, Traxter G2 MAX, Maverick R, Maverick R MAX
Installation Time (hrs)	0,25
Availability	CA August 2026 / Europe October 2026

LinQ Bow & Gun Case

COMPETITIVE EDGE

- > Versatile design allows you to store a bow and arrows or firearms up to 40" (1 m)
- > Support feet at hinge level so the box can stand on its own
- > Uses the same box as the LinQ Low Profile

FEATURES & DESCRIPTIONS

Fits On	ATV: G2, G2L, G2S, G3, G3L Traxter G1, Traxter G1 MAX, Traxter G2, Traxter G2 MAX, Maverick R, Maverick R MAX, Maverick, Maverick MAX, Commander, Commander MAX, Maverick Trail, Maverick Sport, Maverick Sport MAX
Installation Time (hrs)	N/A
Availability	CA October 2026 / Europe December 2026

Recovery Ring

COMPETITIVE EDGE

- > Change the direction of your pull
- > Helps reduce the load placed on the winch during demanding recoveries
- > Works with synthetic winch rope and soft shackles

FEATURES & DESCRIPTIONS

- > Machined from premium aluminum alloy
- > Features a black hard-anodized, ultra-smooth, low-friction finish
- > Working load limit: 6,600 lbs.
- > Minimum breaking strength: 33,000 lbs.

SKU	715010836
Fits On	ATV: G2, G2L, G2S, G3, G3L Traxter G1, Traxter G1 MAX, Traxter G2, Traxter G2 MAX, Maverick R, Maverick R MAX, Maverick, Maverick MAX, Commander, Commander MAX, Maverick Trail, Maverick Sport, Maverick Sport MAX
Installation Time (hrs)	N/A
Availability	CA August 2026 / Europe October 2026

Front Tow Hook

COMPETITIVE EDGE

- > Provides a solid anchor when towing is needed or when transporting the vehicle
- > Allows you to attach most hooks or straps

FEATURES & DESCRIPTIONS

- > Bolts straight on to the Outlander front end below the bumper with or without a winch
- > Made of heavy-duty steel specifically designed for recovery
- > This Tow Hook offers 3,500 lbs (1,587 kg) of towing capacity

SKU	715010191
Fits On	G3, G3L
Installation Time (hrs)	0,25
Availability	CA August 2026 / Europe October 2026

2" Soft Shackle Hitch Receiver

COMPETITIVE EDGE

- > Provides a reliable recovery solution that plugs directly into any 2" receiver
- > Easy installation: slide the shackle mount into the receiver and secure it with a hitch pin
- > Compatible with the Can-Am Soft Shackle (715010577) for a complete recovery setup

FEATURES & DESCRIPTIONS

- > 8,000 lbs (3,636 kg) working load limit.
- > Forged aluminum construction with a durable viper-red powder-coated finish

SKU	715010784
Fits On	ATV: G2, G2L, G2S, G3, G3L Traxter G1, Traxter G1 MAX, Traxter G2, Traxter G2 MAX, Maverick R, Maverick R MAX, Maverick, Maverick MAX, Commander, Commander MAX, Maverick Trail, Maverick Sport, Maverick Sport MAX
Installation Time (hrs)	0,1
Availability	CA October 2026 / Europe December 2026

FEATURES & DESCRIPTIONS

- > Enables AM/FM functionality for the 10.25" Wireless Touch Display or the Can-Am Rockford Fosgate Source Unit (715010329)
- > Fits ONLY MY27 Can-Am Rockford Audio systems, due to new technology

SKU	715010127
Fits On	Traxter G2 (2027 only), Traxter G2 MAX (2027 only)
Installation Time (hrs)	1
Availability	CA August 2026 / Europe October 2026

Others

Cargo Bed Winch

FEATURES & DESCRIPTIONS

- > Allows you to pull heavy loads into the cargo box easily
- > Perfect for hunting applications when it comes to loading game
- > Includes support base made of heavy-duty 2" (5 cm) steel tubing, winch and weather-sealed corded remote. 750 lbs (340 kg) maximum pulling capacity
- > Electronic security module to prevent vehicle damage that could occur if loaded vehicle exceeds manufacturer's gross weight rating
- > CE & UKCA Compliant

SKU	715011249
Fits On	Traxter G2, Traxter G2 MAX
Installation Time (hrs)	1,25
Availability	CA December 2026 / Europe February 2027

Heavy Duty Seat Covers

COMPETITIVE EDGE

- > Shields seats from mud, rain and snow to maintain long-term seat quality
- > Compatible with the Traxter MAX rear row; two kits required—one for the front row and one for the rear row

FEATURES & DESCRIPTIONS

- > Made from scratch-resistant 600D polyester fabric with a vinyl center panel for enhanced, non-slip grip
- > Straps and elastic hem ensure a tight, stable fit that stays in place during your rides
- > Features a stamped Can-Am logo
- > Complete coverage kit includes:
 - > 1 × driver-side backrest cover // 1 × passenger-side backrest cover // 1 × driver-side bottom cover // 1 × passenger-side bottom cover // 1 × center backrest cover // 1 × center bottom cover

SKU	715009869
Fits On	Traxter G2, Traxter G2 MAX
Installation Time (hrs)	0,3
Availability	CA October 2026 / Europe December 2026

Tie Downs Anchors

FEATURES & DESCRIPTIONS

- > Made of high-strength steel.
- > Coated with a corrosion-resistant black epoxy finish
- > Add extra points on the cargo bed wall for tying down cargo in the back of your vehicle
- > Sold in pairs

SKU	715010210
Fits On	Traxter G2, Traxter G2 MAX
Installation Time (hrs)	0,5
Availability	CA September 2026 / Europe November 2026

Front HD Digital Camera

COMPETITIVE EDGE

- > Helpful for avoiding obstacles before descending steep hills, when plowing or maneuvering in tight spaces

FEATURES & DESCRIPTIONS

- > High Definition Digital Camera
- > Allows clear visibility of the conditions near the front wheels
- > 1920 x 720 pixels resolution front view camera
- > Offers a 190-degree viewing angle
- > Transmits an image to the 10.25" Wireless Touch Display

SKU	715011107
Fits On	Traxter G2 2027 (with 10.25" Wireless Touch Display), Traxter G2 MAX 2027 (with 10.25" Wireless Touch Display)
Installation Time (hrs)	0,5
Availability	CA October 2026 / Europe December 2026

Can-Am Trailing Cover

COMPETITIVE EDGE

- > Install the cover on the ground, then drive your vehicle on the trailer with the new see through windows
- > Two-part cover design, including a main vehicle cover and a separate windshield cover

FEATURES & DESCRIPTIONS

- > Windshield and upper door sections made of clear PVC film for on/off riding
- > You can keep only the windshield cover to protect from the elements when the vehicle is dirty
- > The driver's side door can be opened
- > Heavy-duty canvas made of UV-resistant solution-dyed polyester
- > All high-abrasion areas are reinforced with a double canvas layer
- > Weather-resistant trailing cover protects your vehicle during storage and transportation
- > Designed to perfectly fit your vehicle with or without Can-Am accessories

SKU	715009484
Fits On	Traxter G2
Installation Time (hrs)	0,1
Availability	CA November 2026 / Europe January 2027

Can-Am Trailering Cover - MAX

COMPETITIVE EDGE

- > Install the cover on the ground, then drive your vehicle on the trailer with the new see through windows
- > Two-part cover design, including a main vehicle cover and a separate windshield cover

FEATURES & DESCRIPTIONS

- > Windshield and upper door sections made of clear PVC film for on/off riding
- > You can keep only the windshield cover to protect from the elements when the vehicle is dirty
- > The driver's side door can be opened
- > Heavy-duty canvas made of UV-resistant solution-dyed polyester

SKU	715009485
Fits On	Traxter G2 MAX
Installation Time (hrs)	0,15
Availability	CA November 2026 / Europe January 2027

Magneto Stator Kit (1700 W)

COMPETITIVE EDGE

- > Designed to handle heavy electrical demands from accessories like winches, sound systems, and cab heaters. It prevents battery drain and stabilizes the electrical system, making it ideal for heavily equipped vehicles

FEATURES & DESCRIPTIONS

- > Increases the magneto output to 1700 W
- > Includes rotor, stator and regulator
- > Improves charging when several accessories are installed
- > Standard on HVAC models

SKU	715011779
Fits On	Traxter G2, Traxter G2 MAX (2026 & up) (with HD11 engine only)
Installation Time (hrs)	2,5
Availability	CA November 2026 / Europe January 2027

Engine Intake Pre-Filter Seal

FEATURES & DESCRIPTIONS

- > Improves intake sealing against the elements to help prevent debris, snow, and dust from entering your engine.
- > Apache Track System: Engine & CVT Pre-Filter seals (715011744 & 715011745) are required for track-equipped Traxter G2 produce before May 13th 2026 used in snow conditions.

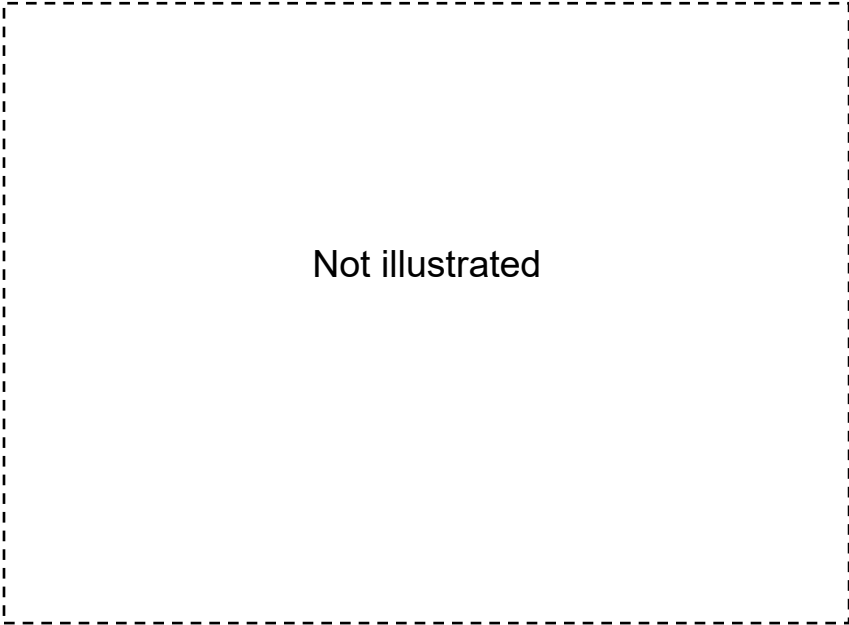

SKU	715011744
Fits On	Traxter G2, Traxter G2 MAX.
Installation Time (hrs)	N/A
Availability	CA October 2026 / Europe December 2026

CVT Intake Pre-Filter Seal

FEATURES & DESCRIPTIONS

- > Enhances intake protection to keep dust, snow, and debris out of your CVT system
- > Apache Track System: Engine & CVT Pre-Filter seals (715011744 & 715011745) are required for track-equipped Traxter G2 produce before May 13 th 2026 used in snow conditions.

SKU	715011745
Fits On	Traxter G2, Traxter G2 MAX.
Installation Time (hrs)	N/A
Availability	CA October 2026 / Europe December 2026

Engine & CVT Pre-Filter Kit

FEATURES & DESCRIPTIONS

- > Adds extra protection to your engine and CVT in harsh riding conditions
- > Helps keep air filter cleaner
- > Filter blocks particles larger than 0.005" (0.13 mm)
- > Recommended when vehicle is equipped with track kits used in snow condition
- > Ease cleaning of snow accumulation on engine & CVT air intake

SKU	715009150
Fits On	Traxter G2, Traxter G2 MAX (except X mr models)
Installation Time (hrs)	0,1
Availability	CA August 2026 / Europe October 2026

Snorkel Pre-Filter

FEATURES & DESCRIPTIONS

- > Pre-filter specifically for snorkels
- > Adds extra protection to your engine in harsh riding conditions
- > Helps keep air filter cleaner
- > Filter blocks particles larger than 0.005" (0.13 mm)
- > Necessary to maintain vehicle warranty when tracks are installed for winter use

Not illustrated

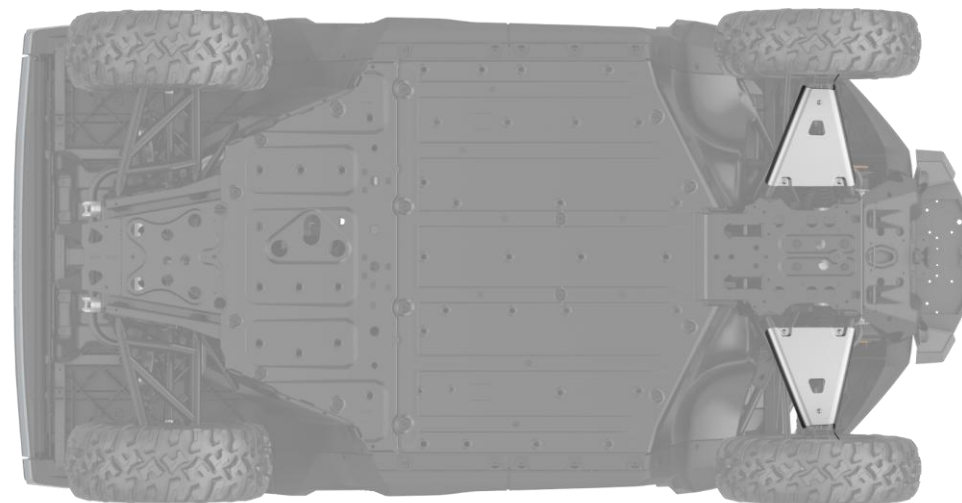

SKU	715011772
Fits On	Traxter G2, Traxter G2 MAX (X mr models or models with Snorkel Kit)
Installation Time (hrs)	N/A
Availability	CA August 2026 / Europe October 2026

Front Aluminum A-Arm Protectors (NA & APAC)

FEATURES & DESCRIPTIONS

- > For ultimate durability and strength, all our Aluminum Skid Plates are made of high-strength aluminum, 3/16" (5 mm) thick
- > Extra underside protection for your vehicle's steering mechanism and suspension (A-Arm)
- > Sold in pairs
- > Includes all hardware

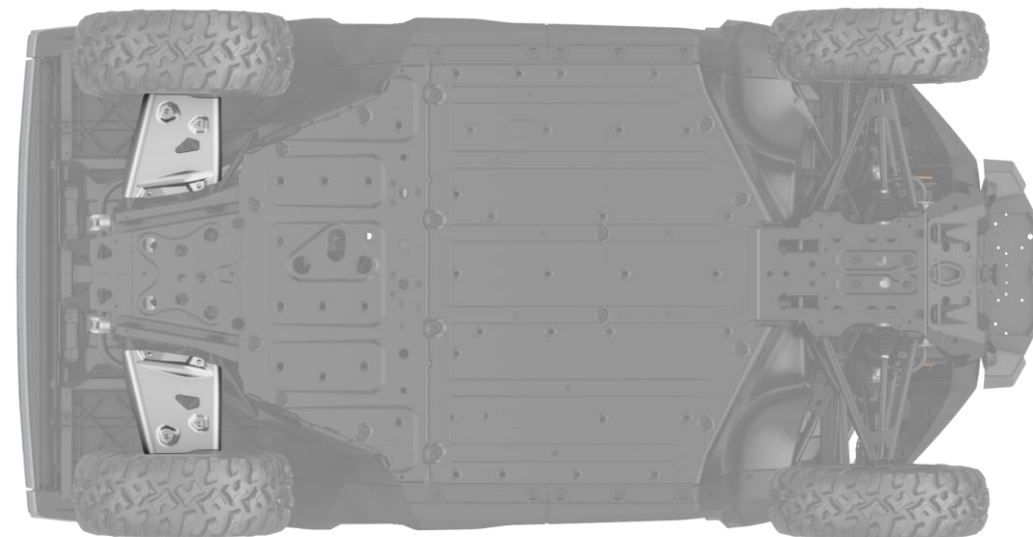

SKU	715009136
Fits On	Defender G2 XT, Defender XT CAB HD10 (63"), Defender XT CAB HD10 MAX (63")
Installation Time (hrs)	0,5
Availability	CA September 2026

Rear Aluminum A-Arm Protectors (NA & APAC)

FEATURES & DESCRIPTIONS

- > Made from high-strength 3/16" (5 mm) aluminum for ultimate durability and strength
- > Extra underside protection for your vehicle's steering mechanism and suspension (A-arm)
- > Sold in pairs
- > Includes all hardware

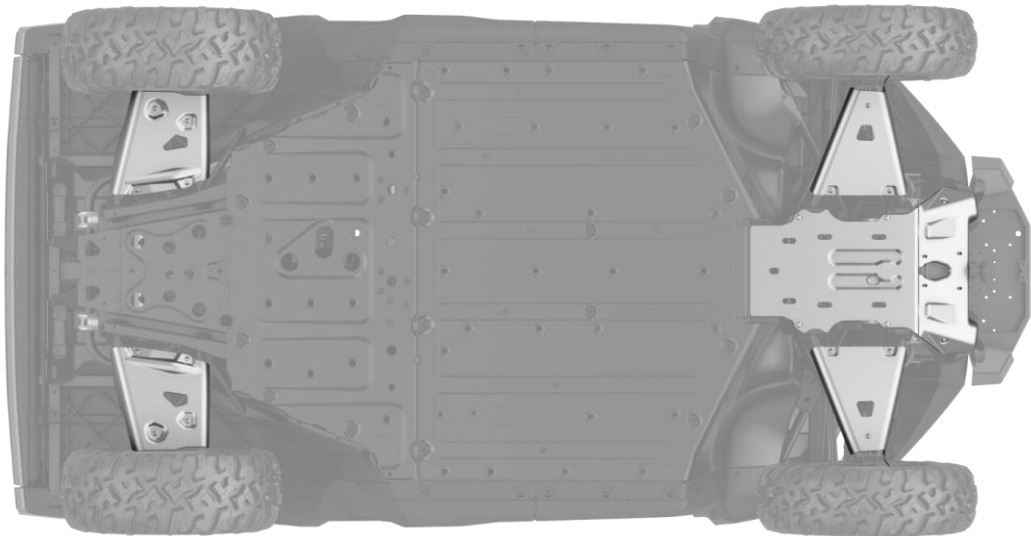

SKU	715009139
Fits On	Defender G2 XT, Defender XT CAB HD10 (63"), Defender XT CAB HD10 MAX (63")
Installation Time (hrs)	0,5
Availability	CA September 2026

Aluminum Skid Plate Protection Kit (NA & APAC)

FEATURES & DESCRIPTIONS

- > For ultimate durability and strength, all our Aluminum Skid Plates are made of high-strength aluminum, 3/16" (5 mm) thick
- > Included the Front Skid Plate and the Front and Rear A-Arm protectors

SKU	715009138
Fits On	Defender G2 XT, Defender XT CAB HD10 (63"), Defender XT CAB HD10 MAX (63")
Installation Time (hrs)	1,25
Availability	CA September 2026

MAVERICK R & MAVERICK

SMART Helmet Pumper System

SMART Helmet Pumper System

COMPETITIVE EDGE

- > Creates positive air pressure inside the helmet to prevent dust intrusion. Continuously circulates fresh, cool air to reduce heat buildup.
- > Automatically adjusts fan speed based on vehicle speed/RPM when paired with an ACM
- > Optimized housing paired with two high static-pressure fans delivers superior airflow and volume

FEATURES & DESCRIPTIONS

- > 3-stage high-flow filtration system for maximum performance and longer filter life
- > Two mounting systems for versatile installation: direct bolt-on or half-clamp
- > Caps for unused outlets to increase airflow can be placed on the ends of the hoses after use and hung from the roof area using the rubber straps

REQUIRED FOR INSTALLATION

- > SMART: Accessory Control Module (715009121) & Rear ACM Wiring Harness (715009268)
- > Not SMART: Helmet Pumper System Harness (715008905).

Includes ultra-light, flexible, expandable breathing hoses

2 up

Two from 26" (68 cm) to 72" (1.8 m)

Max models

Two from 26" (68 cm) to 72" (1.8 m) Two from 47" (1.2 m) to 128" (3.2 m)

SKU	Coming Soon
Fits On	Maverick R, Maverick R MAX, Maverick, Maverick MAX
Installation Time (hrs)	
Availability	CA January 2027 / Europe March 2027

SMART Helmet Pumper System Harness

FEATURES & DESCRIPTIONS

- > Required for the installation of the SMART Helmet Pumper System if the ACM is not installed

SKU	Coming Soon
Fits On	Maverick R, Maverick R MAX, Maverick, Maverick MAX
Installation Time (hrs)	
Availability	CA January 2027 / Europe March 2027

Protection

Front Pre-Runner Bumper

FEATURES & DESCRIPTIONS

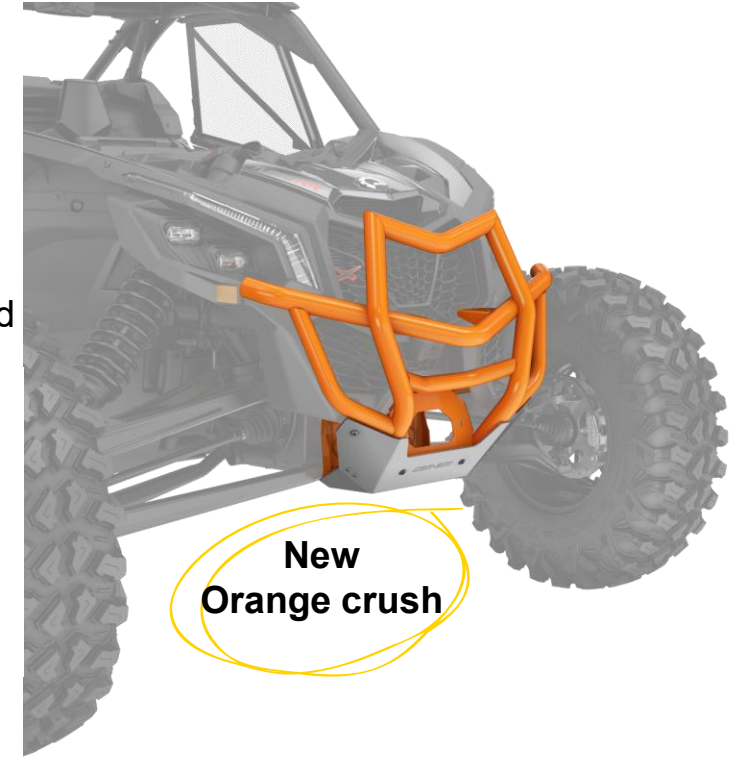

- > Made of 1.5" (3.8 cm) diameter steel tubing with a 1/8" (3 mm) aluminum plate for extra durability
- > Inside and outside anti-corrosion coating with a durable powder-coat finish
- > Added heavy-duty protection in extreme driving conditions
- > Integrated winch mounting plate and mount points for lights

715003433 Can-Am Red

715002878 Black

SKU	715011655
Fits On	Maverick, Maverick MAX
Installation Time (hrs)	0,6
Availability	CA August 2026 / Europe October 2026

Can-Am Trailering Cover

FEATURES & DESCRIPTIONS

- > Heavy-duty canvas made of UV-resistant solution-dyed polyester
- > Inner soft liner protects windshield and colored panels from abrasion
- > All high abrasion areas are reinforced with a double canvas layer
- > Weather-resistant trailering cover protects your vehicle during storage and transportation
- > Opening for fuel cap on passenger
- > Designed to perfectly fit your vehicle with or without Can-Am accessories

SKU	715008761
Fits On	Maverick R
Installation Time (hrs)	0,1
Availability	CA October 2026 / Europe December 2026

SKU	715008762
Fits On	Maverick R MAX
Installation Time (hrs)	0,2
Availability	CA October 2026 / Europe December 2026

SMART 40" (102 cm) LED Light Bar Mounts

FEATURES & DESCRIPTIONS

- > Allows you to install the SMART 40" (102 cm) LED Light Bar (715008747) directly on the vehicle cage or on the Sport Roof
- > High version is to fit the Roof Scoop
- > Premium steel construction with a durable black powder-coated finish for long-lasting protection
- > Simple bolt-on design for quick, hassle-free installation
- > Low: 3.75" (9.5 cm) overall height
- > High: 7.48" (19 cm) overall height

Low

SKU	715010843
Fits On	Maverick R, Maverick R MAX, Maverick, Maverick MAX
Installation Time (hrs)	0,5
Availability	CA August 2026 / Europe October 2026

High

SKU	715010844
Fits On	Maverick R, Maverick R MAX

Availability	CA August 2026 / Europe October 2026

SMART 40" (102 cm) LED Light Bar Harness

FEATURES & DESCRIPTIONS

- > Required for the installation of the SMART 40" (102 cm) LED Light Bar (715008747) if the ACM is not installed

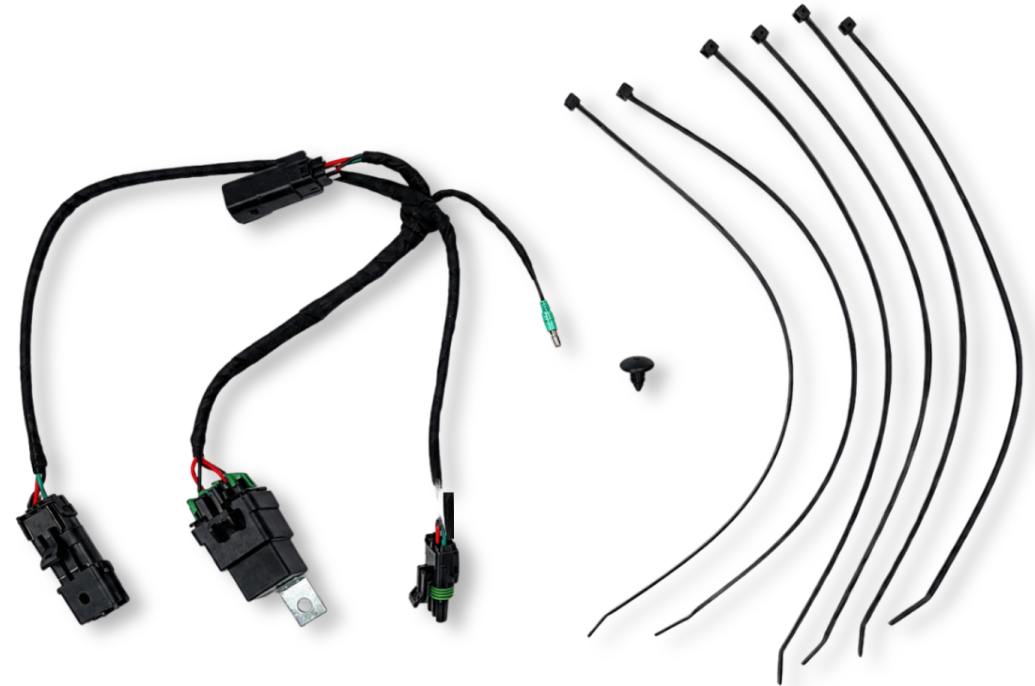

SKU	715010831
Fits On	Maverick R, Maverick R MAX, Maverick, Maverick MAX
Installation Time (hrs)	0,5
Availability	CA August 2026 / Europe October 2026

Baja Designs Lights Wiring Harness

FEATURES & DESCRIPTIONS

- > X rc models are factory equipped with an ACM and this harness allow the installation of BAJA lights on the X rc models front bumper

SKU	715010830
Fits On	Maverick R (X rc models only)
Installation Time (hrs)	N/A
Availability	CA August 2026 / Europe October 2026

GPS Module With Group Ride (EU)

FEATURES & DESCRIPTIONS

- > Enables live location sharing offline with friends and other vehicles around.
- > Works without phone connection or cellular network, for a range of 1+ miles (1.6 km) depending on terrain.
- > Embedded topographic maps and GPS function included.
- > Module update has to be done in dealership.
- > Retrofit for 2024 to 2026 vehicles with 10.25" Touch Display.
- > Requires 2 bolts M6x50 (250000749) for the retrofit on SSV.

SKU	860203151
Fits On	Maverick R, Maverick R MAX (2024 to 2026 with 10.25" Touch Display)
Installation Time (hrs)	0.75
Availability	CA August 2026 / Europe October 2026

LINEUP

Can-Am HD 4500 Winch

FEATURES & DESCRIPTIONS

- > Ergonomic clutch handle
- > Rugged all-steel gears and bushings for more torque and durability
- > Automatic 100% load-holding brake
- > Pulling strength capability of 4,500 lbs (2,041 kg).43 ft. of 15/64" (13 m of 6.3 mm) wire steel cable
- > Heavy-duty 4-way roller fairlead
- > Sealed solenoid for all-weather protection
- > Weather-sealed corded remote and dash-mounted switch
- > EC compliant
- > Operate the winch remotely when you're not on the vehicle with the Wireless Winch Remote (715008286) (sold separately)

SKU	715011705

An aerial photograph of a vast, green, hilly landscape. The terrain is covered in dense green vegetation, with some darker, rocky patches visible. In the foreground, a dirt road curves through the landscape, and two small vehicles are visible on it. The background shows rolling hills and mountains under a clear sky.

T CATEGORY ACCESSORIES

Accessories certification process for usage with T-category vehicles

Permanently Installed Accessories

- Converts 2024 - 2026 G3L Max platform with 1 + 1 seat to the removable 2 piece design currently offered on G3 MAX and some 2026 G3L Pro platforms (MY27 : standard on all)
- Includes **driver seat, removable passenger seat assembly, passenger seat assembly anchorage, necessary hardware and warning labels.**

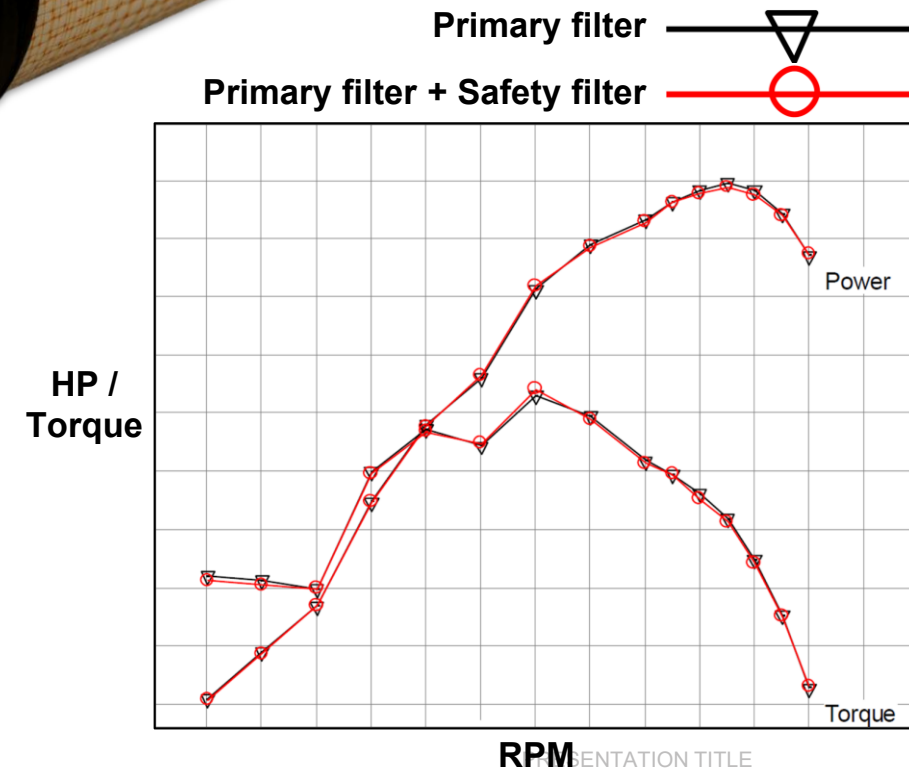

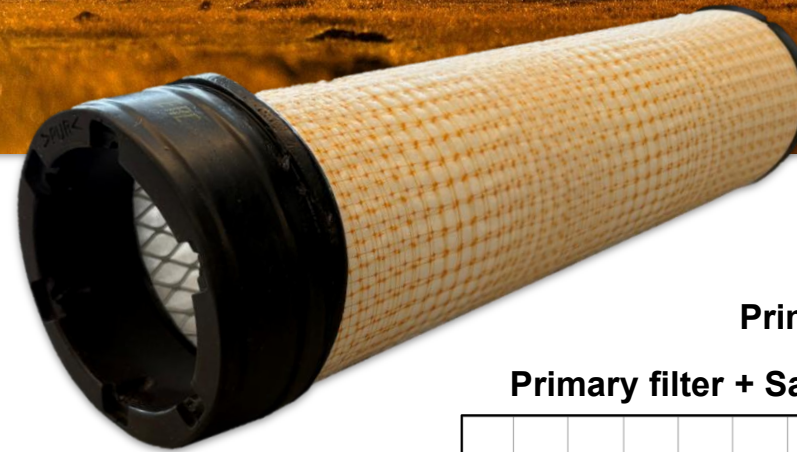

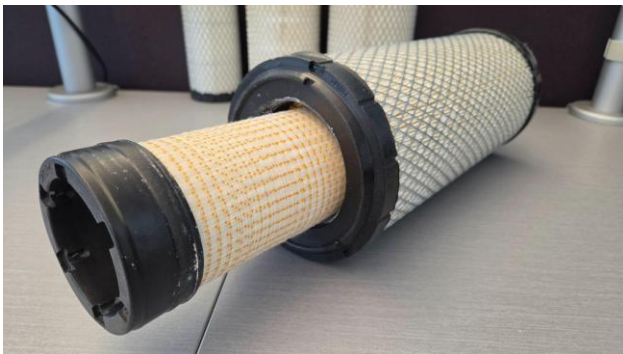

AIR AND FUEL

SAFETY AIR FILTER - Traxter HD11

SKU 715012078

New offering for G2 Traxter owners in **dusty agricultural regions**.

- Very common in heavy mining, construction or agricultural equipments, a SAFETY FILTER is a **SECOND LINE OF DEFENSE** for the finest dust particles ($<10\mu\text{m}$) and if the primary filter is compromised or damaged.
- It also prevents contaminants from entering the intake system during primary filter changes, protecting the system while open.
- The filter's small surface area is designed to quickly restrict airflow if dust bypasses the primary filter, alerting the operator to a problem before serious damage occurs.
- **Negligible impact on performance**, less than 0.3 hp
- Simple replacement guideline, typically every third primary filter change.
- Easy install - slides into the primary filter

with 0.5 qt more, same o-ring and filter.

NEW XPS COOL-X LT COOLANT KEY PERFORMANCE HIGHLIGHTS

- **Superior Thermal Conductivity:** COOL-X LT increases thermal conductivity by 4.34% at 100°C (ASTM D7896). This allows the fluid to pull heat away from critical cylinder heads faster, preventing "hot spots" and providing a higher safety margin during heavy loads or high-speed runs.
- **Elite Corrosion Protection:** In ASTM D1384 testing, COOL-X LT reduced aluminum material loss from the industry-standard 23mg down to just 1mg. This 95.6% reduction in potential damage virtually eliminates corrosion-related wear on aluminum, steel, copper, and iron components.
- **Silicate-Free Efficiency:** By eliminating silicates, COOL-X LT prevents the "insulation blanket" effect that traps heat inside engines. The zero-sludge formula also ensures radiators remain clear and free of "gel" buildup during off-season storage.
- **Premium New Packaging:** Reflecting its elite performance, COOL-X LT arrives in custom XPS bottles featuring an eye-catching metallic foil front label. This bold aesthetic is designed to stand out on dealership shelves and signal the high-tech protection within.
- **Lifetime Performance:** Designed as a "one-fill" solution, COOL-X LT is a lifetime fluid under normal operating conditions. It is premixed at 50/50 for immediate use.

XPS COOL-X LT is available in:
0.946 L - 1 qt -> SKUs 9779730 (US) / 9779920 (EU)
3.785 L - 1 gal -> SKUs 9779732 (US new format)
20 L - 5.28 gal -> SKUs 9779731 (US) / 9779921 (EU)

NEW COOLANT - Q&A

Can COOL-X LT replace previous Extend life coolant on previous BRP vehicle models?

Yes! - COOL-X LT is compatible with all previous liquid-cooled BRP machines and can replace existing fluids in any of them. However, do not mix COOL-X LT with standard universal (green) coolant, vehicles using that fluid should be drained and flushed before refilling with COOL-X LT.

Can COOL-X LT be mixed with XPS Extended life coolant?

Yes! - COOL-X LT is compatible with the previous XPS Extended Life Coolant. However, doing a flush and fill with the new fluid will provide the full benefits of the new high-performance formulation.

What does the color mean?

Historically, color was a reliable shorthand for the chemical makeup of the fluid. Today, however, color is essentially a dye used by manufacturers for branding or leak detection. Relying on color alone to determine compatibility is one of the most common ways to accidentally contaminate a cooling system.

Because color is not a regulated standard, you should always follow manufacturer direction for the correct coolant technology.

COOL-X LT has an easy to identify orange color dye, but again that does not make it compatible with other brands of coolant that are orange.

SUPPORT MATERIALS

COOL-X^{LT}

THE ULTIMATE POWERSPORTS PERFORMANCE COOLANT/ANTIFREEZE

HIGH-PERFORMANCE COOLANT ENGINEERED FOR EXTREME DEMANDS

COOL-X LT isn't just another antifreeze. It's a performance upgrade. Designed specifically for BRP powersports engines—this silicate-free formulation redefines engine protection and thermal efficiency. Provides optimum freeze protection at extreme low temperatures, along with ultimate cooling performance at extreme high temperatures. For ease of use and optimum quality it comes premixed at 50/50 and ready-to-use.

SUPERIOR THERMAL CONDUCTIVITY
COOL-X LT increases thermal conductivity by 4.34% at 100°C (212°F) compared to standard extended life formula, with efficiency gains that increase as your engine gets hotter.

- **Faster Heat Removal:** Pulls heat away from critical cylinder heads rapidly.
- **Lower Metal Temper:** Prevents "hot spots" that lead to warping or cracking.
- **Higher Safety Margins:** Keep your engine further from the overheating threshold during heavy loads or high-speed runs.

ELITE CORROSION PROTECTION
95.6% Less Potential Damage to Aluminum Components. While industry-standard coolants barely pass the ASTM D1384 test, COOL-X LT passes it, by reducing material loss from 2.3mg down to just 1mg, you are virtually eliminating corrosion-related wear.

- **23x More Safety Margins:** Most coolants use up 77% of their allowable corrosion limit, COOL-X LT uses only 3.3%.
- **Ultra-High Protection:** Specifically formulated to preserve aluminum, steel, copper and iron components.
- **Extended Life:** Designed to potentially extend the service life of your machinery.

CORROSION TEST—IN ALUMINUM:

COMPETITOR COOLANT	XPS COOL-X LT
	95.6% less corrosion

THE SILICATE-FREE ADVANTAGE
Traditional coolants use silicates that can create a "blanket" over internal components, trapping heat. COOL-X LT is 100% silicate-free.

- **Enhanced Flow:** Lower operating temps by removing internal insulation.
- **Zero-Slag Formula:** Prevents radiator clogging and "hot" buildup during off-season storage.
- **BRP Optimized:** Perfect for BRP vehicles and any application requiring extended-life coolant.

LIFETIME PERFORMANCE
One Fill. Total Confidence. Under normal operating conditions, COOL-X LT is a Lifetime Fluid designed to last the life of your engine.

Maintenance Pro-Tip: Monitor levels regularly and top off only with COOL-X LT. Avoid mixing with traditional "green" coolants to prevent gelling. For machines seeing extreme use (deep water/heavy contamination), test and replace as needed.

MAXIMIZE COLD AND HOT PERFORMANCE. RIDE WITH COOL-X LT.

E-TEC^{MAX}

FULL SYNTHETIC 2-STROKE OIL

TECHNOLOGIE MAX TECHNOLOGY

WHAT MAKES E-TEC MAX THE BEST?

- 1. Advanced Ashless Detergent Technology:** Unique in the snowmobile industry, our non-metallic, ashless detergents significantly reduce smoke and soot. More importantly, they minimize carbon buildup on E-RAVE valves, ensuring crisp throttle response and consistent compression.
- 2. Pure Moly Friction Reduction:** The inclusion of our Pure Moly molybdenum additive creates a microscopic, low-friction protective film on cylinder walls and connecting rod bearings. This translates to less internal drag and more power delivered to the track.
- 3. Ultimate Corrosion Defense:** Formulated specifically to combat the moisture-attracting properties of ethanol-blended fuels, E-TEC MAX provides protection, keeping internal components protected during periods of non-use and off-season summertime.

KEY FEATURES AT A GLANCE

- **Maximum Lubricity:** Forms a high-strength film to prevent wear in lean-burn, high-HP engines.
- **Cleaner Operations:** Significantly reduces smoke and soot, as well as reduces deposits for longer service intervals and better performance.
- **Exclusive Requirements:** The only oil recommended for the 2027 E-TEC 600 RR.
- **Full Compatibility:** Backwards compatible with all previous BRP 2-stroke engines.

AVAILABLE IN

Oil Formulation	Packaging Size	NEW E-TEC MAX 2T OIL
9779626	Quart (0.946L)	9779628
9779627	Gallon (3.78L)	9779621
