HOW TO MEASURE

- For best results, have someone else take your measurements.
- Measure body in underwear.
- Tape must be snug but not tight.
- If measurements fall between two sizes, order the larger size.

HEIGHT: Without shoes, standing with heels and back against a wall.

HEAD/HELMET: Around your head, from the center of the forehead, above the ears and over the natural bump at the back of the head.

ARM LENGTH: Let the hands hang down on the side in a slightly bent position. Measure from the center of the back of your neck, along the length of your arm, to the wrist.

CHEST/BUST: Measure under your arms, around the fullest part of your chest.

WAIST: Measure around your natural waistline, keeping one finger between the tape and body.

HIPS: Across the fullest part of the seat.

INSEAM: Without shoes, from crotch to the floor.

GLOVES: Measure palm width.

BOOTS: Foot length from heel to toe.
